Versatile

tec 4500B
tec 4500S

The tec 4500 is a highly versatile tool that can be supplied as a bead or spray applicator. Uniquely, it can also be used with bulk and shaped adhesives.

For bulk & shaped glue

Features a built-in melt chamber and pre-set temperature that allow the tec 4500 to take EVA, polyolefines, or pressure sensitive adhesives (PSA) in granular form, pillows, or 43mm (1¾") slugs.

Decreased operator fatigue

Offering reliability and user-comfort, the tec 4500 ensures effortless work for the operator. Ergonomically designed and lightweight, the gun quickly and easily applies even large amounts of adhesive in bead, dot, or spray form.

Intelligent design

The innovative melt chamber allows the tec 4500 to take both bulk and shaped adhesives. It also features a one-handed twist action lock for quick & easy loading of the glue tank. The soft-closing mechanism ensures efficient energy consumption and the highest possible melt rate.

Additional features

The tec 4500 also boasts a quick start up, cutting down on warm-up time and making it ready for use, fast. It is lightweight for easy, one-handed operation, and comes with a detachable stand for increased freedom of movement when in use.

tec4500B & tec4500S

Reliable, easy to use glue gun with a built-in melt chamber that allows the use of adhesives in granular form, pillows, or 43mm (1¾") slugs. Available in bead (4500B) or spray (4500S) models.

Melt rate	Granular: 1kg (2lbs) - Slugs: 2.5 kg (5½lbs)/hr
Glue size	Granules & 43mm (1¾") glue cartridge
Voltage	220 - 240V
Wattage	600W
Heater	Cartridge
Temp Control	Preset thermostat
Hotmelt gun °C (°F)	180 - 190°C
Lowmelt gun °C (°F)	n/a
Power cable	3m (10 ft)
Weight	4500B: 1.25kg (2.7lbs) 4500S: 1.45kg (3.2lbs)
Packaging	Plain box (1 per ctn)
